## ✖ Observations

**Limited Social Resources**  
HKU lacks an accessible and casual environment for students with similar interests.

HKU Societies are too limited and strict!

**Creation and Promotion**  
Students face challenges in creating and advertising their interest groups.

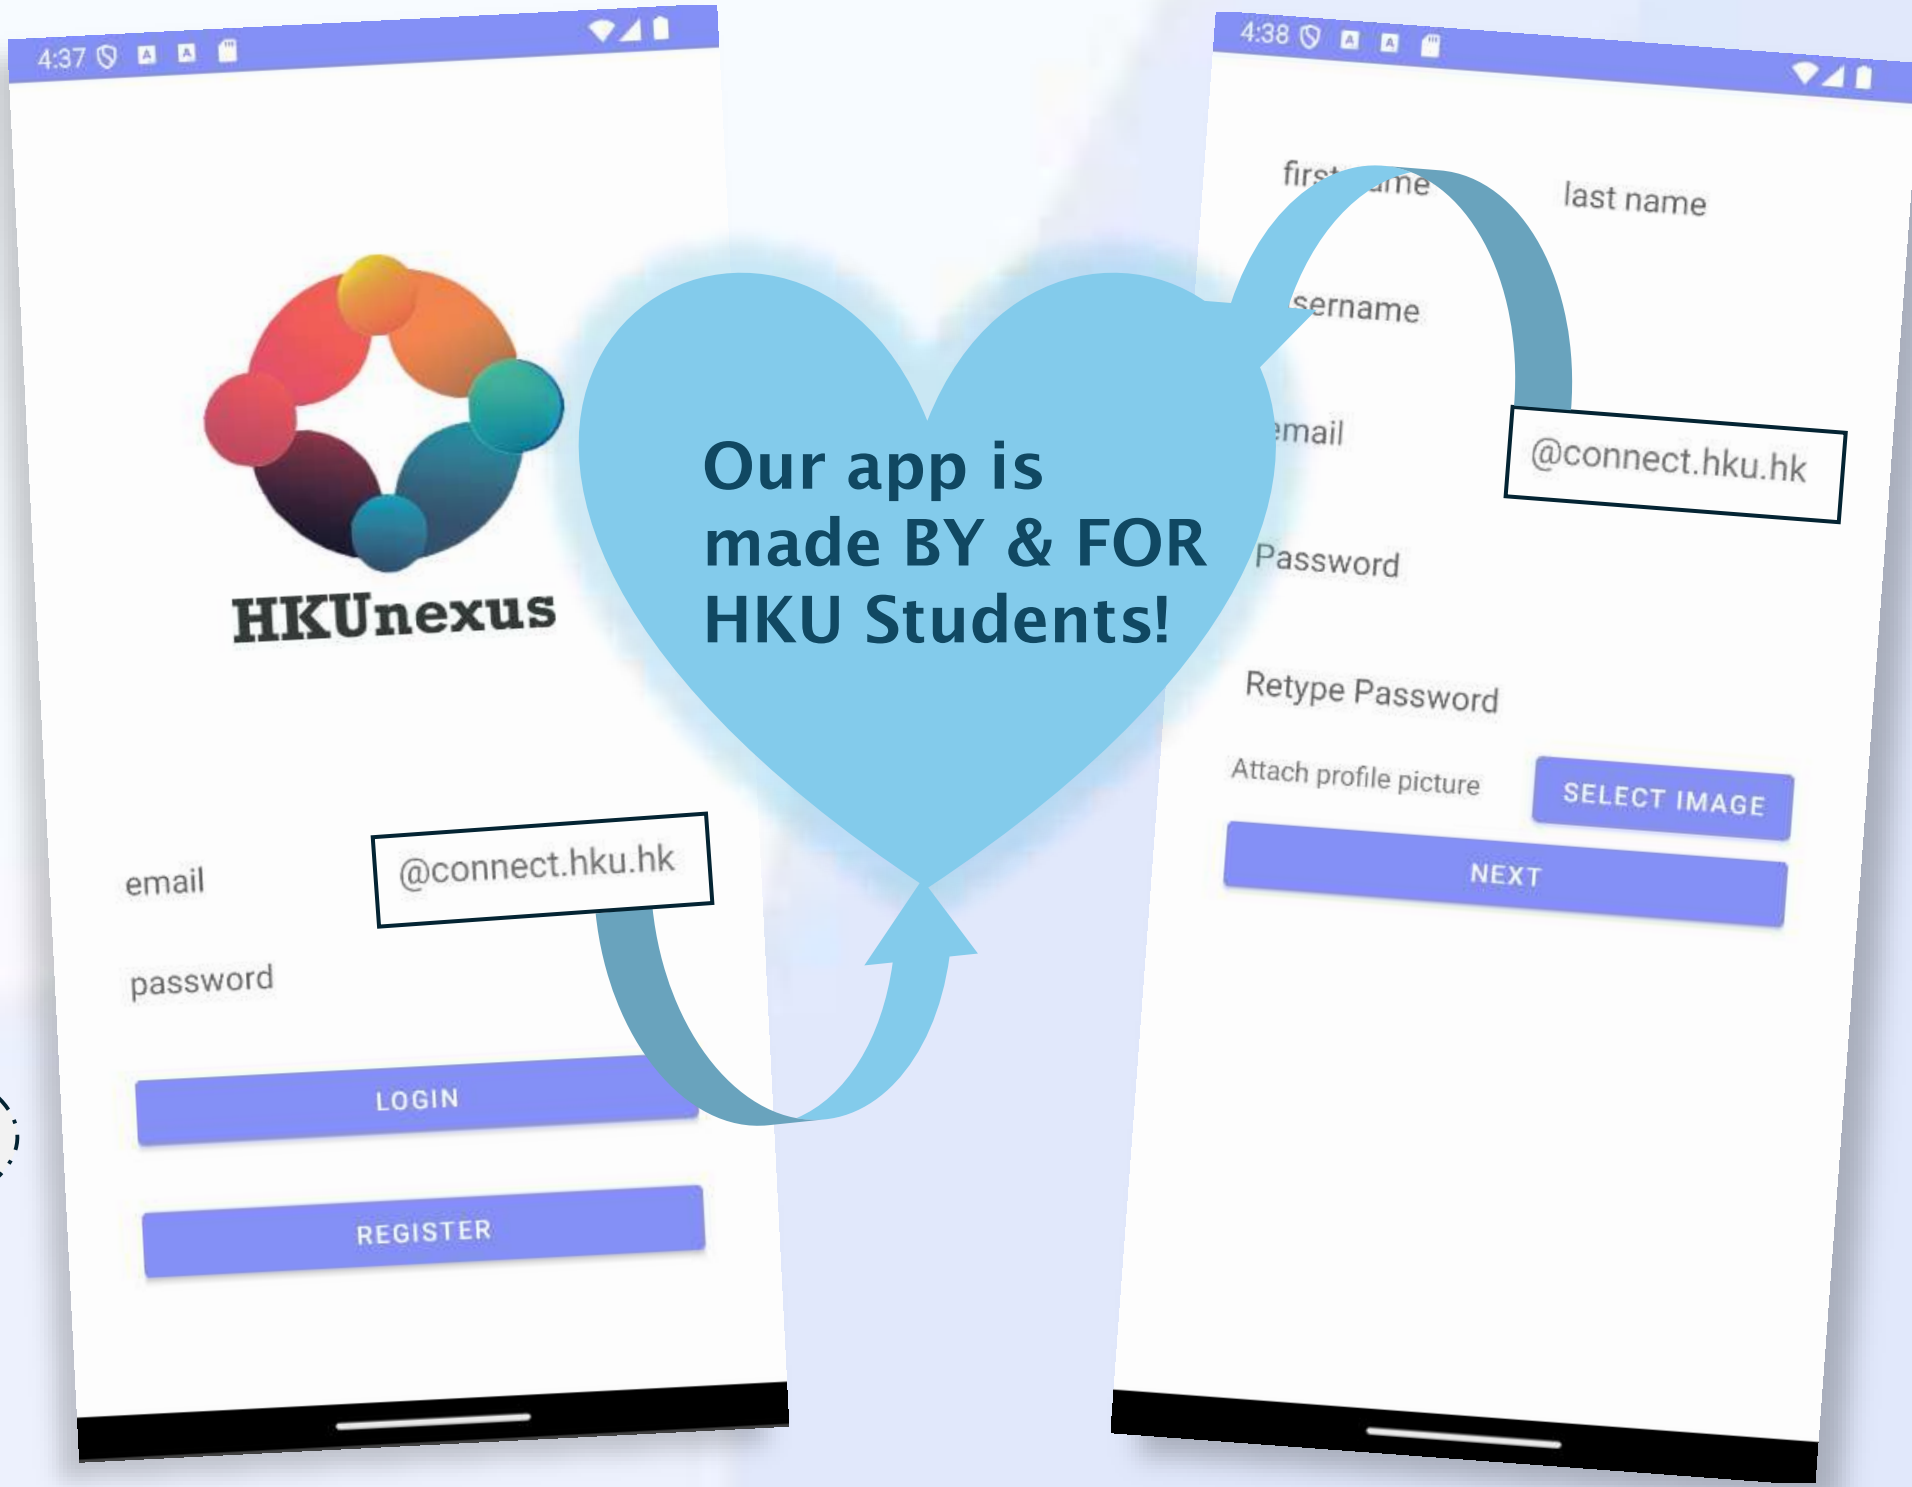

## ✔ Objectives

**Event Organization**  
Students can easily organize and participate in club events.

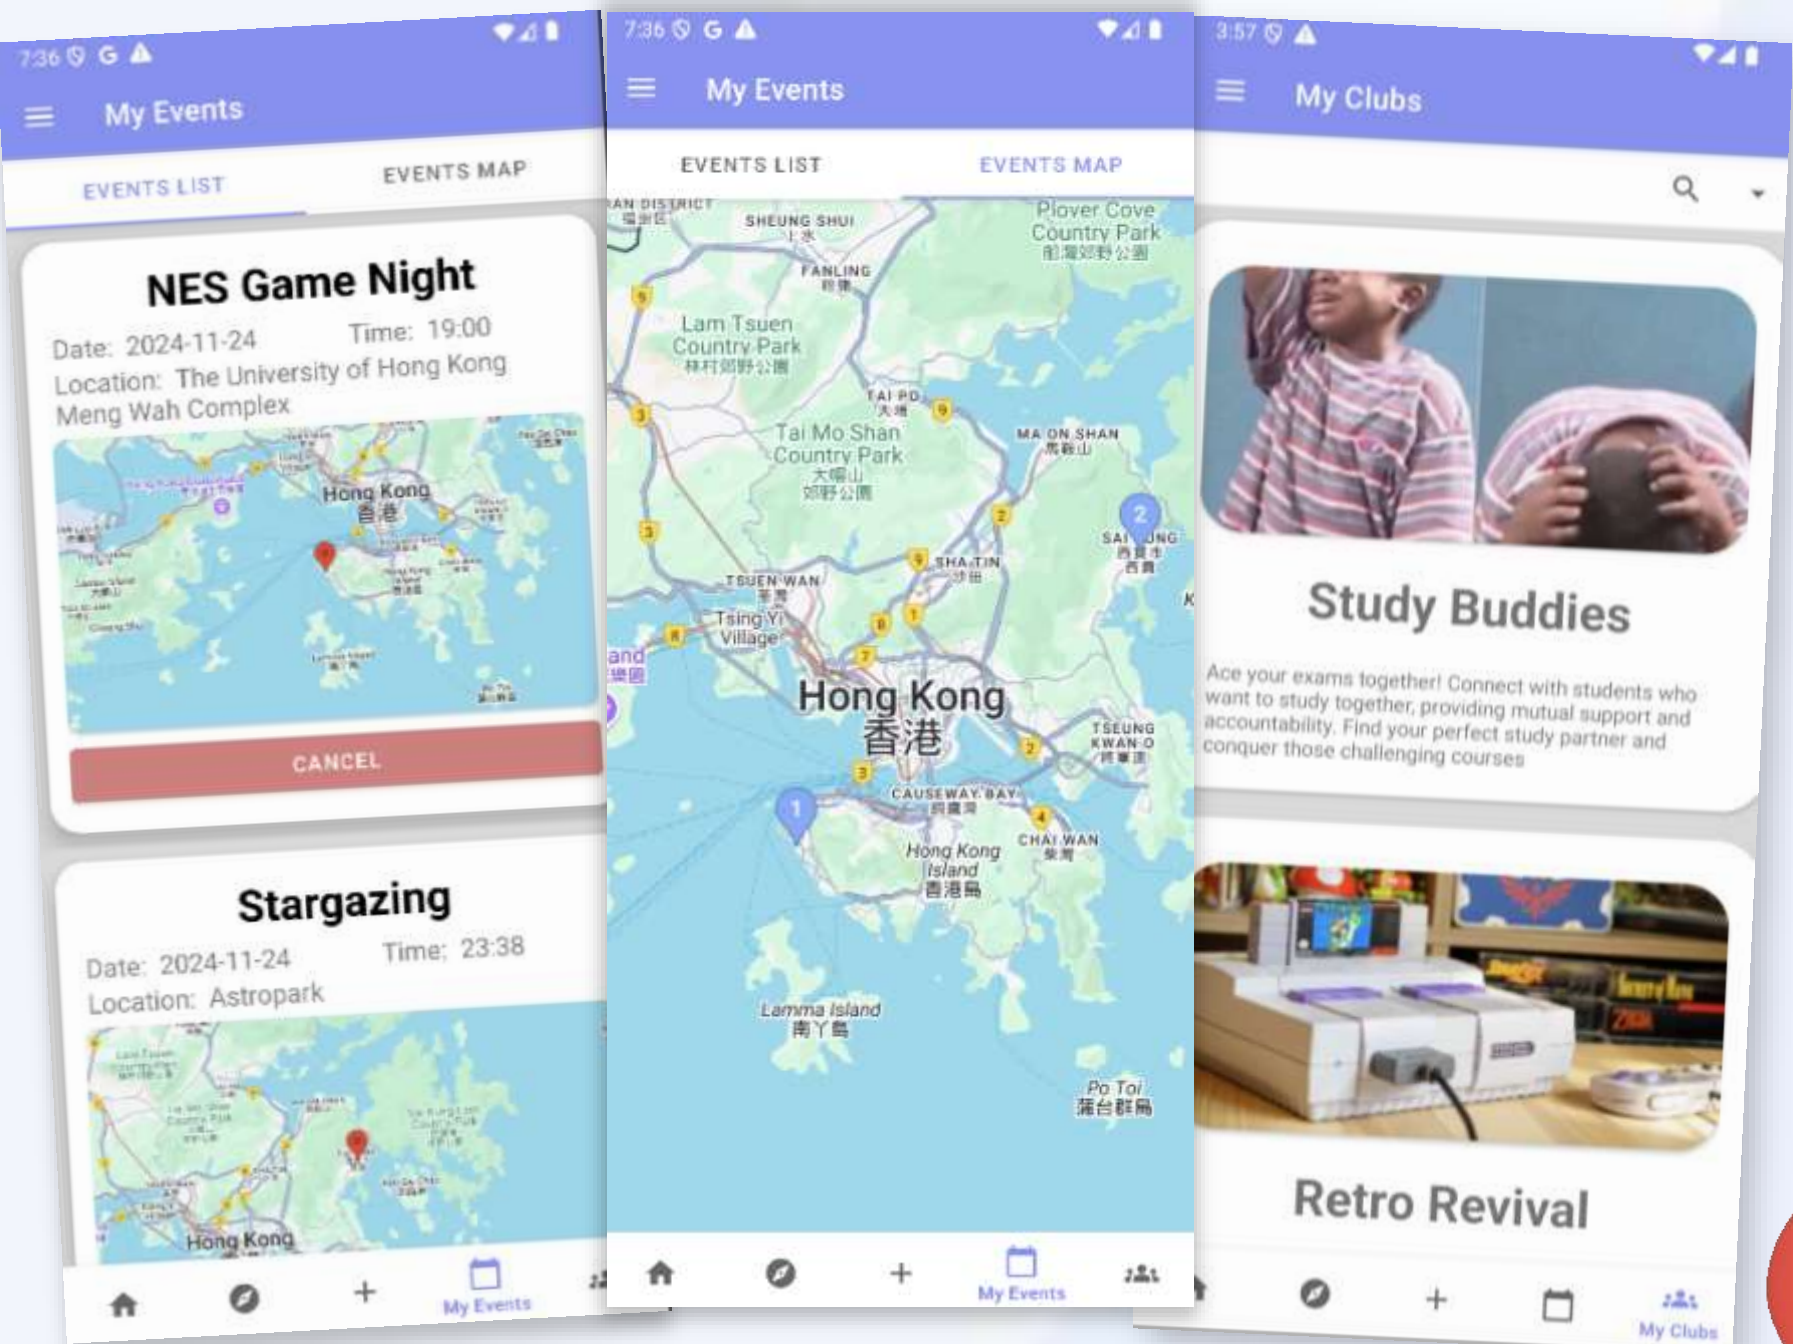

**Connect with Peers**  
Lower barriers to connecting with like-minded individuals and fostering a community.

Sounds Great!
